TWO YOUNG WOMEN ATTACKED BY NEGRO

Assailant Frightened Off By Scream of His Victims

SEARCH FOR CULPRIT

Those Held up Were Miss Georgie White and Miss Virginia Pettit—Occur in Quick Succession.

Miss Georgie White, thirteen years old, was attacked by an unidentified colored man between 10:30 and 11 o'clock last night while near the home of her parents, Mr. and Mrs. George White, 420 North Payne street.

While she was walking within a few doors of her home the man came up and threw his arms around her. The young woman made an outcry which caused the man to release his hold on her and he immediately ran off. The cries of the young woman in the meantime attracted several pedestrians and soon they gave chase.

The man ran into a wire fence while fleeing and as he did so he cried out to his pursuers, "Shoot when you get ready."

However, no one in the small party that first started out had a gun, otherwise it is said that had they, his request would have been complied with.

In a short time the colored man was out of sight, and thus far has eluded capture.

The police aided by a posse of citizens combed the entire northwestern section of the city until an early hour this morning searching for the man without success. Every possible avenue of escape was watched.

Miss White furnished the police with an excellent description of her assailant and says she will be able to identify him should be be captured.

The opinion prevails that her assailant is a non-resident.

Since the above was written it is learned that the same negro seized Miss Virginia Pettit, seventen year old, on Alfred street, between Queen and Cameron street about twenty minutes past ten o'clock last night. Miss Pettit was accompanied by Miss Finke, at the time. The latter asked the negro what he meant by such an act, when he turned upon her and said: "What the h—ll have you to do with it?" Miss Pettit had in the meantime broken away from the darkey, and both young women made their way to their homes. The assault on Miss White occurred afterward.

Miss Pettit is sure she can identify her intercepter. She told her mother of her adventure when she reached home last night. This morning on her way to her place of employment she saw the negro standing on the corner of King and Alfred streets. No policemen being in sight, she became nervous and left the locality as soon as possible.

FATAL RAID IN COLORADO

Four Miners Are Killed And Fifth Wounded Near Telluride

Telluride, Col., Sept. 12.—Four miners were shot and killed and a fifth was shot and badly wounded in the Tomboy Mine, near here, early yesterday by two unidentified masked men, who escaped. Four men and a woman, whose names have not been ascertained, are under arrest.

Three of the men killed were Finns. The others were Austrians. The motive for the attack could not be learned. Authorities believe the crime was the result of ill feeling among the Finns of the Telluride district.

A Great Publishing Achievement by Cosmopolitan

When you pick up this month's number of Cosmopolitan Magazine, you may not know it, but you are looking at one of the greatest achievements in the publishing business—and achievement so vast that it is difficult to comprehend how much time, energy and money is invested in a single number of "America's Greatest Magazine."

The October edition of Cosmopolitan is 1,164,000 copies. If these copies were piled, one on another, they would make a shaft reaching more than four miles in the air, or forty times as high as the Washington monument.

Six hundred tons of paper and five nad a quarter tons of printing ink are required to print this one edition.

If you were to lay each copy of the October number end to end, you would have a line of magazines reaching more than two hundred miles, about the distance from London to Paris.

It is not in manufacturing alone that Cosmopolitan excels so many of its competitors—it excels them all, as a matter of fact, in the quality of its editorial matter, as Cosmopolitan's policy of publishing only the best work of the greatest writers in all the world, month after month, is well established and world famous.

In this month's number, you will find novels, stories, and special features by Meredith Nicholson Ella Wheeler Wilcox, Peter B. Kyne, Rupert Hughes, Frank R. Adams, Basil King, Arthur Somers Roche, Jack Boyle, Frederic Arnold Kummer, Kenneth L. Roberts, Robert W. Chambers, Perceval Gibbon, James Oliver Curwood, Albert Payson Terhune.

These writers, all appearing in this one great magazine, make Cosmopolitan a most notable achievement and well worth a quarter of anyone's money.

SENTENCE FOR THREAT

Negro to Serve Five Years for Menacing Woman

Baltimore, Sept. 12.—Ellsworth Henson, colored, who entered the dwelling of Mrs. Neva Eisel, 2306 Reisterstown road, on August 25, with a knife in his hand, and threatened to kill her if she made an outcry, was sentenced to five years in the penitentiary yesterday by Judge Heuisler, in Criminal Court.

Despite the negro's threat, Mrs. Eisel screamed and brought her sister running to her assistance.

GOVERNOR TAKES CHARGE IN BOSTON

More Bloodshed as Result Present Disturbed Conditions

SITUATION IS GRAVE

Machine Guns Placed at Strategic Points—Situation Regarded as Extremely Critical.

Boston, Sept. 12.—Boston was orderly today—the third since the police strike began. The 7,000 troops patrolling the streets of the city apparently had the situation in hand.

There was no rioting during the night.

Boston, Sept. 12.—One more man was shot dead and three wounded in rioting in Jamaica Plain last night.

All eyes in the police strike situation are on a special meeting of the Boston Central Labor Union, stated to be an all-night affair, and at which it is expected a vote will be taken in favor of a general strike of all Boston labor unions in behalf of the striking policemen.

The situation became so grave yesterday that Gov. Coolidge took control of affairs away from Mayor Peters and personally asumed full charge

The governor notified the War and Navy Departments at Washington to be prepared to rush soldiers and sailors to Boston for the protection of the city and maintenance of law and order. He also arranged to call a special meeting of the legislature so that martial law could be declared.

The governor's drastic step followed a big riot on Boston Common when State Guardsmen broke up a crap game, firing into the crowd when it resisted arrest.

Two men were shot, one, a sailor, dying soon after. One hundred and fifty persons were arrested and taken to station houses, but later were set free, as no guard was able to identify any particular one as having been guilty of actually shooting craps.

Last night the city was on tenterhooks with thousands of the State Guardsmen patroling the streets with fixed bayonets; breaking up all gatherings in the streets, and shooting when necessary to enforce this commands.

Machine guns have been placed at all strategic points, and it is generally believed the most critical moment of the strike has arrived. Friends and relatives of those shot by the Guards men are vowing vengeance, and extra precautions have been taken to guard against mob violence.

Announcement that the electrical workers of the city had instructed their delegate to the Central Labor Union to declare in favor of a strike in sympathy with the police was made at a meeting of the executive committee of the Central body yesterday afternon.

MRS. GOLDSMITH RESIGNS

ecretary of W. C. C. Club Off For Indiana Home

Mrs. E. L. Goldsmith, who has been the efficient secretary of the War Camp Community Club in this city for over a year, left last night for her new home in Indianapolis. In the position that she served so long and well her departure will be keenly felt. Her previous office experience coupled with an unusual aptitude and an exceptionally agreeable disposition made her peculiarly adapted to the needs of a War Camp Community Club.

Lieutenant E. L. Goldsmith has been stationed at Camp Humphreys for a year and it is now upon his discharge that Mrs. Goldsmith has resigned to go with him to Indianapolis where they will make their home.

READY FOR THE TREATY BATTLE

Report of Minority Clears Way For Long Fight In Senate

LODGE'S PROPOSALS

Prediction is Freely Made That Compromise Agreement Soon Will Be Made.

With submission of the Foreign Relations Commitee minority report, the peace treaty, with its covenant for a league of nations, was made ready yesterday for the ratification battle to be waged about it in the Senate.

By general agreement this will not begin until Monday. Meanwhile, however, Republicans, claiming enough votes to prevent ratification without reservations, were urged by Chairman Lodge, of the Foreign Relations Committee, to stay on the job until final dispostion is made of the treaty weeks hence perhaps.

With as little formality as that attending the presentation Wednesday of the majority report, Senator Hitchcock, leader of Administration forces, submitted yesterday the minority report signed by all Democratic members of the committee except Senator Shield of Tennessee, who stood out for reservations to the league covenant.

Without attempting specifically to answer majority charge against certain provisions of the convention as brought back from Paris by President Wilson, the minority urged speedy adoption without modification or in precisely the form laid before the Senate two months ago.

Rejection or change, the report declared, meant loss by this country of all concessions obtained from the enemy by a dictated peace, including Germany's acknowledgement of responsibility for the war, denial was made of Chairman Lodge's statement that the Peace Conference still was in session for consideration of textual amendments, the report declaring that Germany, once having signed the treaty, might not be disposed to sign it again.

The annual meeting of the stockholders and directors of the Harris & Shafer Co., will be held at the office of Mr. Gardner L. Boothe, Alexandria National Bank Building, Alexandria, Virginia, on Thursday, September 25, 1919, at 2:30 p. m.

HEALTH OFFICER ANSWERS QUESTIONS

Dr. Foulks Explains Why Some Do Not Contract Contagious Diseases

EYE CANNOT SEE GERM

Typhoid Germs Will Live in Ice Cream 39 Days as Freezing Does Not Kill Germs.

Question—"How is it that doctors and nurses who constantly come in close contact with people having contagious diseases, do not often contract diseases themselves?

Ans.—Simply because a doctor or trained nurse fully realizes the danger to which he or she is exposed, hence takes all known precautions for self protection. If other people had the same training, they could protect themselves just as well. It is simply a question of knowledge and care-more especially care.

Ques. —"Why do some people who are exposed to infection, contract the disease, while others equally exposed at the same time, do not?"

Ans.—All people are immune to any given contagious or infectious disease at certain times, depending on their vitality or power of resistance. To illustrate, a person might drink water from a well badly infected with the germs of typhoid fever, and not contractthe disease at the time, but if he went back a week or so later and take a drink, he might develop the disease promptly. A hundred people might drink from that well at the same time and only two or three get typhoid. But if they all kept drinking there day after day, sooner or later they would go down one by one, except a small number, who by reason of their normal high power of resistance, would escape.

Ques.—"Is it true that ice made from impure water is perfectly safe to use on account of the germs being killed by freezing?

Ans.—No, it is not true. I do not know of any disease germs that are killed by being frozen, unless they are kept frozen for very long periods. The typhoid germ will live in ice cream for at least 39 days. Experiments have demonstrated that practically all known pathogenic bacteria can stand cold of 315 degrees below zero, the temperature of liquid air, without injury. This being true, it can be readily understood why it is just as important to have pure ice as it is to have pure water. Ice can be contaminated by careless handling, just the same as any other thing used for food or drink. In fact, more so than any food article, for ice is very porous and any surface contamination is quickly carried down into these pores by constant melting of the ice.

Ques.—"Can any of the disease producing germs be seen with the naked eye?"

Ans.—No, they cannot. The bacteria or germs that cause such diseases as typhoid fever, pneumonia, diphtheria, tuberculosis, etc., are so small that a single drop of water could contain not less than one billion seven hundred million! As high as four million four hundred thousand disease germs have been counted upon the surface of a single fly that had been walking and feeding upon filth, while twenty-eight million were found in its intestines!

It is on account of their smallness that they are so dangerous. If germs were large enough to be easily seen, people would then use every effort to keep away from them. Unfortunately people as a rule do not fear an unseen danger and fools laugh at it!

THIRD GAME SUNDAY

Cardinals and Clarendons Will Cross Bats at 3 p. m., at Shipyard Field.

Charles Corbett, representing the Cardinal Athletic Club, and the officers of the Clarendon Athletic Club have decided to play the third game championship series on the shipyard field Sunday, September 14, at o'clock.

Manager Clark C. Griffith of the Washington Baseball Club, of the American League, offered his park to the Cardinals and Clarendons to fight it out for the title, through Sylvester A. Breen. The game would have been called at 1 o'clock and would have been finished in time to allow the Detroit and Washington teams to play their league game at 3.30 o'clock Sunday. The "Old Fox" has a warm spot in his heart for Alexandria and her people, and the tender of his fine park free to the Cardinals for their game is evidence of his good will and one that is seldom, if ever, made to a sand lot baseball team by a major league manager.

The game on the shipyard field Sunday will be a banner event and will be worth seeing as the Cardinal and Clarendons will use their star players in an effort to win.

Several new members were enrolled at this meeting.

It is hoped all eligible women of this city will avail themselves of the opportunity to enroll in the near future.

ACT TO REDUCE H. C. L.

Steel Workers Adopt Resolutions at Meeting in Atlantic City

In view of so much social unrest, wage demands and the high cost of living, the following resolution comes as a breath of fresh air, and is one of the sanest things that has been our privilege to read, and is particularly interesting because the sentiment contained is that of five thousand employees.

Resolution adopted by elected representatives of the employees of Midvale Steel and Ordnance Company, Cambria Steel Company and Subsidiary Companies, assembled in conference, Atlantic City, N. J., August 28, 1919.

Whereas, the high cost of living needs to be abated by diligent, efficient and conscientious labor, by thrift and the avoidance of waste and extravagance.

And whereas, the price of commodities is regulated by the day's labor of a man and the real unit of value of the unit of compensation is not a dollar but the purchasing power of a dollar, and that the price of all things meaning the average price of everything we use and consume, which is commonly referred to as the average price of commodities, is fixed, regulated, raised or lowered by the average compensation received for one hour's work by every man and every woman;

And whreas, we believe the only sure remedy for the high cost of living is increased production and the stabilization of prices in conformity with wages now being paid;

And whereas, we believe any workmen who demands a greater proportionate return for his labor than his fellow workmen in other lines are getting is as guilty or profiteering as a grocer who charges exorbitant prices for the necessities of life, and that increase in wages paid to certain classes of workers by the Government or others will result in higher prices being set by the profiteers for the necessities of living to all purchasers alike. It is, therefore,

Resolved: That the persistent and increasing demand of workmen employed in all classes and kinds of industries for a shorters day's work and an increased wage in order to meet the present high cost of living is uneconomic and unwise and should not be encouraged.

Resolved further: That private monopolies should be controlled and profit srestricted to a rate that shall be fair to the consumer.

Resolved further: That unnecessary eports of food and clothing be restricted and that all stores of hoarded supplies be uncovered and placed in the open market.

SEES DRIFT TO SOVIETISM

Washington, Sept. 12.—A Soviet form of government in the United States within two years unless something is done to check the "ominous movement" throughout the country was predicted yesterday by Senator Myers, Democrat, of Montana, in a speech in which he referred to the threatened steel strike and the unionization of police forces throughout the country.

President Wilson's conference next month between capital and labor, the Senator predicted, would not check impending strikes unless all the demands of the workers were met. Labor leaders, he declared, were making demands which they knew could not be granted.

PURPOSED INCREASED FARE.

Alexandria is not the only city which is being caused by anxiety by the intended increase in electric railway rates. The following was printed in a Philadelphia paper today;

"Woodbury N. J., Sept. 12.—Mantua, Almonesso and Blackwood, towns tuoched by the trolley road, are going to lose some of their good citizens, it is claimed, because of the increase in fares which go into effect on Sunday. There are scores of men with families who moved to these rural sections while employed at the big industries above this city, because of the low fares. The rates have increased once, and now a new schedule of fares will cut a swath in the salaries. With the opening of Noreg and Yorkship, hundreds of homes are available, and many of these people are preparing to move there—at least for the winter."

Alexandria is facing similar conditions. Thousands of our people are employed in Washington, and they utilize the electric railway in making the trips between the two cities. In fact there is no other mode of transportation except by steam trains which do not leave this city or Washington at hours to suit commuters. Besides many who work in Washington would be compelled to traverse a mile twice a day in making trips from the union passenger station.

Alexandria is facing an ordeal. During the past two years our population has greatly increased, and we desire to keep the newcomers with us. Many of them reside in Alexandria and work in Washington. Doubling the fare between the two cities will surely decrease our population, as it is about to do in the New Jersey towns referred to.

People who reside in the southeastern section of the city, have been allowed to remain on the Mt. Vernon trains until they pass Franlin street, or within a square or two of their homes. This is appreciated, especially during inclement weather. This privilege, it is said, will be denied in future if passengers refuse to pay extra fare.

A SUDDEN CHANGE

A newspaper, man born and reared in this city, but who for a long time had been a resident of Baltimore, while on a visit to his old home several years ago called at this office. He had almost from the time he entered his majority been employed on papers of Baltimore. During his conversation he asked us if we had not noticed that a certain paper in the monumental city never printed the name of Alexandria in any connection whatever. We had not noticed this alleged omission, but from that time in glancing over the paper referred to we became convinced that our friend was correct. Although containing long columns of happenings in Virginia—many of a trivial nature—no dispatches from Alexandria appeared in the paper. Our attention was especially directed to this some time ago when a legal decision was delivered in this city. The decision was of general interest throughout the state and was published in most papers. The Baltimore paper published it, but the man who prepared the copy dated the dispatch "Fredericksburg."

After reading the dispatch our mind went back to ante bellum times, when the paper referred to was in its boyhood days and its publishers were endeavoring to raise a subscription list in Alexandria. It succeeded in securing some subscribers, and for a time the paper was distributed by carrier to numbers of Alexandrians.

This circulation, however, was not maintained and it finally became so contracted that the mail was used to supply the few subscribers in our city. This is being done today.

About twenty years ago an attempt was made to secure a large circulation in this city, but it proved a failure.

We were rather surprised this morning to see the following item in our cotemporary:

Shipbuilding At Alexandria.

The Virginia Shipbuilding Corporation, at Alexandria, Va., has near completion the third of an order of 9 steel steamers for the Shipping Board. The Vanada is the vessel's name and she is almost ready for a trial trip. A fourth is overboard and is being pushed to completion, while four are on the stocks, to be followed by two others as fast as the others are launched.

STEALING OF AUTOS

Theft of an automobile is made a Federal offense punishable by a fine of $5,000 or five years in prison, in a bill agreed upon yesterday by the House Judiciary Committee, which will report it out Saturday.

Representative Dyer, (Republican), of Missouri, is author of the bill, and it is understood that the Republican leaders have agreed to pass it immediately.

The American Automobile Association records show that 22,273 cars were stolen in 1918.

STEEL WORKERS FIRM IN STAND ON STRIKE

With government officials trying to avert the steel strike called for September 22, union leaders yesterday declared there would be no turning back now unless the employers capitulated.

Attorney General Palmer began a study of conditions in the steel mill districts in some of which the men charge the rights of free speech and free assembly have been violated.

STRIKING WEAVERS RIOT

15,000 Silk Mill Workers Out in Lackawanna Valley.

Scranton, Pa., Sept. 12.—Fifteen thousand silk mill workers in this vicinity are on strike. The strike began its spread among the 30 mills in Scranton early yesterday, with riot calls from the Ketterman and Mitchell and the Bentley and Twohey mills, to which police were hurried. Six hundred marched from the Klotz mill, parading to the Black Diamond weaving mill and the Keterman plant, where windows were smashed. The girl weavers were forced to join the strike.

Mrs. David K. Davis, 70 years old, "Grandma Davis" of the Derry mill, Blakely, is in a serious condition from cuts and bruises received in the rioting. Frank Peck, superintendent and James Flynn, foreman at the Peckville mill, are laid up with cuts, and Sydney Bliss, manager of the Dickson City mill, was roughly handled.

ALL WHO HAVE BAD NERVES AND ARE RUN DOWN SHOULD TAKE THIS WOMAN'S ADVICE

"I surely sympathize with those who suffer from nerves and a run-down system. I know from experience just what it means and because of what I suffered I believe that I owe it to others to tell how, at last, I found such great relief.

I was recommended to take Chasco-Vin, an old time nerve and body-building tonic and it afforded me relief almost from the first dose, but I kept it up, taking it regularly. I am now on the third bottle and I surely feel my old self again.

In my opinion those who suffer with bad nerves and those who are run-down generally should lose no time in obtaining this wonderful tonic.

The Alexandria agency for the sale of Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly: provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

Resolved by the house of delegates, the senate concurring (the majority of the members elected to each house agreeing thereto), That the following amendment to section one hundred and thirty-three, article nine, of the Constitution of Virginia, be and is hereby, proposed and referred to the general assembly at the first regular session held after the next general election of members of the house of delegates for its concurrence in conformity with the provisions of section one hundred and ninety-six, of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

And insert in lieu thereof the following:

The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

DELAY POLICE HEARING

Wilson's Order Results in Postponement Until November 7.

Washington, Sept. 12.—Hearing on the injunction of the Washington Policemen's Union against the District Commissioners was postponed until November 7 yesterday by Justice Gould of the District Supreme Court. The injunction if made permanent would restrain the Commissioners from dismissing union members for affiliating with the Federation of Labor.

Justice Gould's action was made on request of District Corporation Counsel Conrad B. Syme, following the telegraphic request to Commissioner Brownlow from President Wilson that action be postponed until after the industrial conference here in October.

Justice Gould declared the case at issue has become of national importance and that his action was in respect to the President's wishes.

After Counsel Syme had read the President's telegram to the court, it was eagerly discussed by the many lawyers and labor leaders who had been attracted to the chambers by the importance of the ase. It was agreed by these that the telegram "suggesting" the postponement, was in fact "a veiled executive order." That Brownlow's drastic order will remain null and void for the time being, and may never be revived, was also the opinion of more than one lawyer.

THREE INJURED IN CRASH

Autos Collide on Mt. Vernon Road and Two Women and Boy Treated at Hospital

Three persons were injured late yesterday afternoon when an automobile driven by Mr. McNeary of Falls Church was struck by a machine while coming from Mount Vernon.

The injured are Mrs. E. C. Hough, Mrs. J. F. Craytold and a youth named Robert Mankin.

All three were rushed to the Alexandria Hospital. They were badly cut and bruised and suffered from shock. The injured people were treated by Dr. S. B. Moore. The driver of the machine escaped injury.

The automobile in which they were seated was wrecked.

INGOMAR THEATRE

Imagine a young girl and an old maid in a lonely house by the sea, eating dinner—when suddenly a ferocious looking man with a club appears. That is one of the scenes in "You Never Saw Such a Girl," the new Vivian Martin Paramount picture, which is on view at the Ingomar Theatre this week. There are many thrills and much romance in this picture, Robert Vignola was the director.

A real reel comedy of the highest class is "Ladies First!" the new Paramount-Mack Sennett mirth provoker which will be shown with the above. The comedy is chock full of interesting situations, every one of which provokes laughter. The chief players are Chester Conklin, Mary Thurman and Harry Gribbon.

RICHMOND THEATRE

The feature of the Richmond Theatre program tonight is a mirth-provoking comedy entitled "Easy to Make Money" with the handsome Bert Lytell in the stellar role supported by a cast of the usual strength found in all Metro productions.

The aim of this offering is bright clean entertainment, with the inimitable Lytell in another of his remarkable character creations which have made him one of the most popular stars of the screen today.

The story is one of a young fellow who, departing from the paths of speed and spending, embarks on a newer and cleaner life in a most unusual manner and with the most unforseen results.

GRAND THEATRE

A lonely girl on an island near the equator solves a great problem and finds complete happiness in a thrilling picture of romance and adventure in "The Nature Girl," which comes to the Grand Theatre tonight with Violet Mersereau in the leading role. Also Pete Morrison in "The Four Gun Bandit," a ripping western drama.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
